Dear Old Scholar,

I am writing to introduce myself to you as the current President of the Old Scholars Association. I am part of the 1978 year group and also a current parent at FSSW. My children, Jessie and Toby, have both been pupils at the school since nursery, and are now in years 9 and 8 respectively.

I was asked to decide a theme for my year as President and have chosen a celebration of Old Scholars. It was one year ago that I tracked down my year group for a reunion last May. It was fascinating to find out what had happened to us all, we had a Bafta award winning TV producer, a light artist who had made a hologram of the Queen, a transatlantic yachtsman, a peace worker in Afghanistan, a couple of Professors and one of the naughtiest boys in our group had been awarded a CBE. I began to wonder about other year groups, and what had happened to them after leaving FSSW. I would like to begin to make a record of some of the more extraordinary Old Scholars, perhaps to be included on the School website and hopefully provide inspiration to current pupils. This is where I need your help. I would be very grateful if you could send me nominations, (if you have contact details for your nominee that would also be good). Please email me at [dougal.boydog@hotmail.co.uk](mailto:dougal.boydog@hotmail.co.uk), or write to me at the above address.

I already have Tom Robinson, Imogen Heap, Tony Newton and Ralph Erskine on my list.

I look forward to hearing from you,

With best wishes for a happy and peaceful New Year,

Julie Foster
